UNITED ARAB EMIRATES

INTRODUCTION TO MEMAC

The Marine Emergency Mutual Aid Centre (MEMAC), which is a non-profit making regional intergovernmental organization representing the Kingdom of Bahrain, Islamic Republic of Iran, Republic of Iraq, State of Kuwait, Sultanate of Oman, State of Qatar, Kingdom of Saudi Arabia and the United Arab Emirates, has been established in accordance with Article III of the Protocol to the Kuwait Convention (1978) with the following main objectives:

- to co-operate in taking measures to protect the coastlines and related interests of the Contracting States.
- to maintain and promote Contingency Plans and means of combating marine pollution.

MEMAC'S FUNCTIONS:

- to collect and disseminate information regarding laws, regulations, methods, techniques, researches and experts.
- to assist the Contracting States in the preparation of laws, regulations and marine emergency contingency plans as well as transportation of personnel, equipment and material.

HOW WE DEAL WITH INCIDENTS:

Upon receiving notification of oil spill incidents from any sources, the following steps are taken:

- to verify the incident.
- to collect complete data about the incident.
- to notify and transmit all data to the Member States.
- to notify local, regional and international private sectors working in the field of combating marine pollution to be on standby in case of necessity.
- to exchange incident data and follow-up.
- to provide the Member States with updated information about the incident.
- to provide the Member States with legal and technical advice.
- to use Oil Spill Trajectory Model for early prediction.
- to liaise with the Member States as well as with other regional and international firms in case any assistance is needed.
- to keep records of the incident for future study and take lessons to avoid similar incidents.
